

UTILITY 50 U5 DBT

Can handle the biggest job
with a compact size

The Utility 50 has the option to use wireless audio streaming via built-in Bluetooth with indicator. The Utility 50 is an FM/DAB+ radio designed to withstand all job site conditions with IP65 water and dust resistance. Built with a protective roll cage, this radio is shock resistant and ready for any job site. The Utility 50 has the latest Bluetooth technology allowing you to stream your favorite music or programs.

Other great features are: auto scan stations, equipped with an easy to read LCD display with backlight, a rain/dust/shock resistant radio with sleep timer and 2 alarms and snooze function.
